KIM AS I SAW HER

(1986-2015)

Dr.Asit Baran Sarangi DLIT)

Whenever I keep ruminating over **KIM** with whom I was intimately closeted at the **Institute of Advanced studies | IAS Youth Computer Centre -a renowned study Centre of Jhargram.**I can no but feel a twinge of sorrow in my moments of loneliness. Sad to say KIM is not now in the land of the living. she has gone god so to speak. A terrible car accident took KIM away in the prime of her life. A dynamic and nubile girl of 29 who was blossoming out into her great beauty faded away leaving in our heart a vestige of pain and memory.

Now that KIM is gone many interesting aspects of her action coming ,crowding in my mind.

In fact her sweet and charming nature brimming all over with a spirit of love has always been an epitome of emulation. I still remember with what dexterity and dedication she used to resolve knotty issues and challenging situations of her office. Never did I find her ilum and gloomy.She was temperamentally cool and cheerful, The way she tackled problematic things was a veritable proof of her prodigious personalitycult. The beauty and simplicity of her art of living made me feel intensely all about her real identity. The ideals and thoughts she has left behind will never become insipid and vapid with the onrush of globalization and modernity.

As Swami Vivekananda has tersely said “we r what our thoughts have made us……..Thoughts live, They travel far….”

I do hope KIM's thoughts will live forever and outlive the ravages of all- devouring time.

IAS Youth Computer Centre

A succinct Profile of Institute of Advanced Studies (IAS): Introspection & Retrospection.

IAS Youth Computer Program :

Institute of Advanced Studies (IAS), an ISO 9001 :2008 certified institute, has been working ceaselessly and assiduous ly in the field of Distance Education ever since its inception in the year 2008 . The IAS Group has been actuated by a glowing vision to emerge as the leader in the area of Distance Education Program and Communications Technology.

For the spread of Computer Education all along the line our institute has embarked on the computer programme broad-based on the concept of Information and communications Technology . The IAS Group is trying their hardest to boost up computer learning at all lavels of human activity with the help of a band of skilled and experienced professionals. In this era of globalisation the need fulness of computer education can hardly be over emphasized.The IAS Youth Computer (IASYC) is now hell -bent upon spreading its wings through franchisee throughout the length and breadth of the country.

At present The IASYC is making a determined drive to Establish it self in the field of IT Education in India.it has now become a registered institute of "Skill Development Scheme "under the Employment Exchange (Govt. of India)and is authorised to conduct vocational courses which are tailor-made for the bright and promising future of our youths. Obviously the IAS Youth Computer is part and parcel of the IAS Group working in close association with all most all the leading IT companies, Multi-national Companies and Telecom Companies.

It merits mentioning in this context that IAS Youth Computer (IASYC) is the only institute that provides field training on a massive scale to Hardware, Software and Chip level students by means of its ISO 9001:2008 Service Care Unit bedecked with senior engineers and outstanding faculty members. As a result, students are privileged to get ample exposure to computer culture and in this way alone can they garner practical field knowledge and experience which will surely stand them in good stead in professional life.

We have international level syllabus and flexible course materials (instructional materials which are prepared with meticulous care by experts and experienced scholars for the accessibility of the learners in general. Affordable fees structure along with easy instalment facilities tend to make our courses reachable to all. The dedicated and qualified faculty member of the IAS Group are always keen on guiding the students aright so that they can get placement opportunities in reputed companies after the completion of the course .

Our Vision & Our Mission :

"The good man is the builder if he builds what is good"

W.B.Yeats

The IAS Group has a distinct vision and a mission of its own. We want to reach out to the mass of people - to the student community at large by catering to their need for quality education through distance learning system. We want to draw out the powers and potentialities lying dormant in the students and build them anew in order that they can blossom out into great nation-builders with sterling qualities of a true professional who can fit in well with modern times and find strength to fight back the toughest challenges of life with courage and confidence.

Message from Director's Desk...

I am glad to invite all students, parents, professionals & people from corporate sector for joining the computer application programme of IAS-YC.

I firmly believe that the knowledge of the world can be gained through diligence ,dedication and devotion by those who only stand and wait .IAS -YC computer application programme aims to develop a new cadre of computer science professionals in the corporate and industrial sectors

The programme is designed and curriculum updated as per the latest industry standards. All this is done keeping in mind the dynamic changes in the software and hardware segments. The courses and training schedule are also prepared with an eye to the convenience of the students who belong to our **Associates** ranging from school, college, employees to officers, retired persons and housewives. The best feature of the programme is that it empowers a student by enabling them to build from below.

I strongly emphasize that every individual should get an opportunity for education and adequate training to explore his potential so that he can contribute to overall social development by utilizing his intellectual skill in a best possible manner.

The curriculum structure can be viewed as effective tools to enable the students to enhance their knowledge, broaden their horizon, sharpen their creativity and above all develop their inventive an innovative power .Besides being equipped with a good measure of scientific knowledge, creative idea and communication skill a student would be able to understand the world wide web full well.

I am confident that IAS will go from strength to strength in its journey to perfection by creating career for the youths of our country.

I wise all my students and well-wishers a happy and prosperous future.

Sougata Hazra
Director

Convenor's Message. . .

Education is the key to development. Professional education is a master key to life's vocation. "Right to Education" is a strategic initiative,taken by the state to ensure that every students of the nation entitled toeducation as a matter of right. India has proved to the IT powerhouse in the last 20 years. Growth is dominated by IT software and service such as custom application. Development and maintenance system integration IT consulting, application development and management, software testing, service- oriented architecture and internet base service. For IT Services the world is coming to India .The curriculae of IAS-YCC are constantly updated with the changing National and International business environment. we endeavor to improve the course design, corereading and the periodic examination process. I strongly believe that meaningful learning can be best achieved and acquired through synergy and communication between the faculty and the student. Therefore the IAS-YCC **Associates** promote activities of interaction for better understanding. I welcome all the students to join the courses of IAS-YCC and wish them all success.

Sumanta Hazra

One Word About IAS-A Center Of Excellence In The Domain Of Distance Education

I am glad to affirm that THE INSTITUTE OF ADVANCED STUDIES more commonly known as IAS is pre-eminently a study center of paramount excellence committed exclusively to the advancement of distance learning as well as self-learning system. As far as I am aware its activity is simply astounding, nay non-pareil indeed in the ultimate analysis. The institute has made laudable strides in extending the benefit of distance education to a host of learners living in far-flung hinterlands of Jhargram, Khargapur and West Midnapur.

In point of fact IAS as an institution has a band of dedicated academicians and support staff working ceaselessly for proper grooming of students and helping them come out successful on academic and professional fronts by ministering to their need for quality education.

INSTITUTE OF ADVANCED STUDIES-an ISO 9001-2008 certified institute-is all set to promote higher education with the main object of helping them who ardently aspire to achieve something great and grand. In this era of globalized modernity the institute has an originality and uniqueness all its own.

The institute has a made a name and fame by offering recognized university courses in Arts, Science, Commerce, Agriculture, Law, Hotel Management, Engineering and Technology, Para-Medical studies, M.Phill, P.hd, M.ed, B.ed, B.ped, M.ped along with a whole lot of programmes which, I am sure, will go a long way in enriching and empowering a majority of learners with a powerful urge to learn.

The institute offers flexible study-materials and programmes with a focus on skill development and academic attainment. Students are at liberty to opt for career-oriented courses through distance mode from different universities like SHOBHIT / MGU / KSOU / SRIDHAR / ANNAMALAI UNIVERSITY / etc. with which the institute is associated.

I have a radiant hope and a scintillating feeling that the institute (IAS) will be emerging in the near future as a viable model of distance education by ensuring its credibility and accountability to a vast majority of learners by a process of empowerment.

IAS Youth Computer Centre

Why IAS - Youth Computer & Institute of Advanced Studies ?

- ☑ Certificates are acceptable all over India
- ☑ Registered under the Act. XXVI, 1961 Govt. of West Bengal.

- ☑ Registered under TM Registration Act under Govt. of India.
- ☑ ISO 9001: 2008 Certified Institute.
- ☑ Enlisted and Certified by Department of Labour,Directorate of
- ☑ Member of Computer Society of India (CSI).
- ☑ Student & Centre Details in Internet.

- ☑ Well Structured, and 100 % Job Oriented Courses.
- ☑ Availability of Tutorials, e-books, Study materials & C.D.
- ☑ Examination & Certificates are provided in time.
- ☑ Our help desk is always ready to provide you any kind of information.
- ☑ Affordable fee Structure., Installment facility available.

- ☑ Short term courses for skill development
- ☑ UGC-DEC-AICTE-NCTE Joint Committee Approved University Courses.
- ☑ All Management Courses are with 100 % Job.
- ☑ Engish Learning Programme from Basic to Advance.

- ☑ Having experience of **10 years in the field of Education & Training.**
- ☑ Placement Assistance after completion of different courses.
- ☑ Individual attention to each student.
- ☑ The Training is provided in English generally but as per requirements
- ☑ Courses are taught in Hindi, Bengali or other regional languages also.

Certificate in Information Technology Application (CITA)		Course Code : IASYC-ITA06
Duration	Modules Covered	Course Fee
06 th Months **Eligibility** Madhyamik or Equivalent Passed / Appeared or higher	Fundamentals of Computer Operating System - Windows XP/Vista/7,DOS, Ms-Office (Word, Excel & PowerPoint) ,Database Management System (Visual FoxPro),Internet.	Registration Fee Installment Fee Total

Certificate in Computer Application (CCA)		Course Code:IASYC-CA06
Duration	Modules Covered	Course Fee
06 th Months **Eligibility** Madhyamik or Equivalent Passed / Appeared or higher	Fundamentals of Computer Operating System - Windows XP ,DOS, Ms-Office (Word, Excel & PowerPoint) ,Internet.	Registration Fee Installment Fee Total

Diploma in Information Technology Application (DITA)		Course Code:IASYC-ITA12
Duration	Modules Covered	Course Fee
12 th Months **Eligibility** Madhyamik or Equivalent Passed / Appeared or higher	Semister I : Same as CITA Semister II: Programming with Visual Basic, FoxPro Programming,RDBMS concepts with MS-Access, Bangla Word, Project Work	Registration Fee Installment Fee Total

Diploma in Computer Application (DCA)		Course Code:IASYC-CA12

Test of english as foreign language (TEFL)
Test of english for international communication (TEIC)
International english languae training system (IELTS)
English language skill assessment (ELSA)

About Distance, Regular & CIB Education

DISTANCE EDUCATION

Open & Distance Education has an enormous potential to spread higher education opportunities not only to those who discontinue formal education on account of economic or social compulsions,but also to young school drop-outs who are simply unable to secure admission in the formal stream at Universities. To accomplish higher goals within busy schedules is a challenge which only Distance Learning can cope with in a meaningfull way. The Distance Education Programmes have obviously multiple advantages the students-communitywho can avail of the

What is the difference between Distance education and CIB education ?

Distance Education	CIB Education
Distance education is an effective tool of giving postal/correspondence education. No formal education/ industrial training Distance education is focused on the self-learning capability of student. Students does not have chance to work in industry with studies.	CIB education is regular & not a postal or correspondence education. Regular education with real-time industry exposure. CIB education is very easy to pursue as student performs everything in real industry as a part of their academic curriculum

What is the difference between Regular education and CIB education ?

Regular Education	CIB Education
Regular/ conventional educational education is an effective tool of teaching students in classrooms throughout the year. Regular education is a combination of classroom teaching and self study of a student. Students are not provided any opportunity to undergo any Industrial/ professional training or apply the theoretical inputs of their studies in practical life. This type of education sometimes proves wastage of time for more than 50% of students, as the students leave the field after study.	In addition to regular education, students obtain industrial / professional exposure as part of the curriculum. CIB education is a combination of classroom teaching, self study & its real-life practical applications and situations Students are provided an opportunityto apply all their theoretical knowledgeinto practical field with the help of industrial/ professional training. CIB education is more focussed and has a proven track record of successful generation of more than 95% students in the same profession.

About Hotel Management

Tourism is rapidly growing and is the single largest foreign exchange earning industry in the world. The Hospitality Industry is the backbone of the Tourism Industry. Since the number of hotels continue to increase, job opportunities are plenty. There is great demand for qualified professionals to handle various departments such as Front Office, House Keeping, Food and Beverage Service and Food and Beverage Production.The SERVICE Oriented Industry has evolved into a complex operation of relationships. Hospitality Industry is the only SERVICE Industry where one is not just interested in the PRODUCT being sold, but more concerned about how a PERSON FEELS. Through improved systems of education and training, the servility of the Hospitality Industry is now gaining a certain dignity. The Hospitality profession is being viewed today not as mere job; but as a CARRER.

Features

- ☑ Well qualified and Trained faculty group
- ☑ Standard Class Room
- ☑ Standard Basic Kitchen
